COMMISSIONER STUMP'S PROPOSED AMENDMENT #1

DATE PREPARED: November 16, 2015

COMPANY: Arizona Public Service Company

AGENDA ITEM NO.: 18

DOCKET NO: E-01345A-15-0095

OPEN MEETING DATE: November 17-18, 2015

The proposed amendment would help to support timely and effective consideration of Demand Side Management Plans in order to support programs and measures that are responsive to market conditions and customer demand, and/or support the deployment of cost-effective emerging technologies, which have been previously reviewed and approved by the Commission.

The Commission unanimously approved this same amendment for UNS Electric when it approved the UNS Electric 2015-2016 Demand Side Management Plan in October 2015.

INSERT: New Ordering Paragraphs

"IT IS FURTHER ORDERED that Arizona Public Service Company has the flexibility to offer cost-effective energy efficiency measures approved by the Commission for one specific Arizona Public Service Company program in any of its other Commission-approved programs so long as the measures would remain cost-effective when offered in those other programs, and its overall demand side management budget would not be increased. Arizona Public Service Company should file documentation with the Commission demonstrating that the measure would remain cost-effective and its overall demand side management budget would not be increased. The Arizona Public Service Company proposal would be effective in 45 days unless Staff or other stakeholders act to oppose the proposal and seek further Commission review."
